3. Barriers to future attainment (for pupils eligible for PP)

In-school barriers *(issues to be addressed in school, such as poor oral language skills)*

A. Poor confidence, resilience and independence

B. Poor language skills

External barriers *(issues which also require action outside school, such as low attendance rates)*

C. Lack of pre-school provision in Tacolneston – pupils arriving from up to 9 different settings, which makes it difficult for school to collaborate with EYFS providers and ensure appropriate measures are in place to identify pupils and families who require additional support with communication and language skills.
