

## **Collective Worship**

Collective worship is wholly Christian and held on a daily basis with the whole school together. It can take place in the school hall, outside, in a class or the local church.

Rev'd Lydia and lay-minister John Hooper come in regularly to lead worship as well as it being led by the ethos committee, classes, school council, teachers and the senior leadership team.

The aim is to encourage the children in appropriate values and ideals.

Any parent wishing to withdraw their child from Religious Education, or worship, is invited to discuss the matter with the headteacher.
