*Work together, learn together, grow together...*

Monday 16<sup>th</sup> March 2020

Dear Parents/Carers

**Covid-19 Update Number 3 (Please read to the bottom of this letter as it contains some repeated and some new information)**

The latest government guidance on coronavirus risk management is:

**If any child, or adult, has a new continuous cough OR a high temperature (>37.8 degrees) they should self-isolate for 7 days. Can all parents please be vigilant in following this guidance.**

If a child in school exhibits **either** of these symptoms they will be removed from class and parents contacted immediately to collect them from school.

The key goals of the school are to:

- limit any chance of transition of the virus within our community
- carry out our duty to keep children safe
- maintain standards of education
- where possible keep the school open to limit the impact on our community

In light of the above aims, it is important we strictly enforce the 7 days isolation guidance for staff and children. This means that families who are keeping their children at home should not be bringing them to any other educational setting to drop-off or pick-up siblings.

We are using a 'soft start' at both of our schools so that parents can drop-and-go. The pick-up arrangements will remain the same but we would urge parents to avoid gathering unnecessarily. We would also ask you to avoid visiting our offices or coming into the schools to visit staff and collect your child's belongings. We will answer your phone calls and emails as soon as possible. You can also put messages in your child's Home/School Contact Book.

In order to avoid using a shared tissue dispenser in school, please provide your children with their own packets of tissues if they require them.

All information related to our Covid-19 arrangements are located in a folder on the right-hand side of our website, titled: 'Covid 19 and School Arrangements'.

School closure work will be located on your child's class page on the website by tomorrow and we will be providing some website links for online learning resources by the end of this week. Our aim for any homework is to ensure that children are revisiting knowledge that they have been learning in school and consolidating their understanding. Please don't feel pressure to complete all of the work; we are just making suggestions. You are the best judges of what your child should be doing when they are at home with you. Talking and reading are the best things you could be doing!

We will be setting up class email addresses so that parents can communicate with teachers during a school closure. The email can be used if you or your child have questions about the work the teacher has set or requests for login information for My Maths or TT Rock Stars. All other enquiries should go to our office email address as shown at the head of this letter. More information will follow in the next day or two.

We will continue to give you updates as we receive them. Thank you for your support and positivity in the face of these unprecedented times.

Yours sincerely

A handwritten signature in cursive script, appearing to read 'L Green', is positioned to the left of a vertical line.

Laura Green

Executive Head Teacher
