

Dear Robins

We hope you have enjoyed choosing activities from the bingo grids and creating your own learning over the last half term. We very much understand that everyone is busy trying to manage various scenarios of home and work life at the moment and that everyone is doing an amazing job with home learning in a variety of ways. We have been pleased to receive your feedback and have made some changes, so that hopefully there will be something to support everyone.

*We will now post a weekly letter with suggested activities for that week, still in a bingo style so that you can pick and choose the activities that feel right for you and spread them out across the week. We have also created an **Ongoing Activities One Stop Shop** on google classroom, that you can access throughout this half term. This includes links to previous online learning that you may still find useful, ongoing challenges and activities as well as a link to printable resources that some of you have requested.*

*We would love to continue to see your learning, so please post comments, images or videos on the google classroom stream or send us an email.
Robins Team xx*

Weekly Bingo Challenges 1.6.20

<p>Please also choose any activities from the <i>Ongoing Activities One Stop Shop</i></p> <p>This include games, online resources, printable packs and other resources that you may find useful.</p> <p>Classroom Secret and Printable Packs https://drive.google.com/open?id=1wLtQykNRWenxbGN-6dH6rzApJiB0WzA4</p>	<p>Can you count coins to make different amounts?</p>  <p>Oscar had a go!</p>	<p>Have a go at setting up a shop at home. What will you sell? What will your prices be? How do you write them down? Which coins will you need?</p> 	<p>How to work out a value with coins -</p> <p>Take a look at the video and play the games and quiz.</p> <p>https://www.bbc.co.uk/bitesize/topics/zp8dmp3/articles/zcrq2p3</p>	<p>Have a go at these fun online money games.</p> <p>https://www.topmarks.co.uk/maths-games/7-11-years/money</p>
<p>Watch this video and talk about what you can see happening.</p> <p>https://www.bbc.co.uk/teach/class-clips-video/how-caterpillars-change-into-butterflies-no-narration/zn4rkmn</p> <p>Design your own caterpillar and butterfly. What adjectives can you use to describe them?.</p>	<p>Create a life cycle, maybe use pasta, collage, paint, drawing - be creative!</p> 	<p>https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/z9fkwmn</p> <p>Find out what else might be in your garden. What are minibeasts?</p> <p>Have a minibeast hunt around the garden or on a walk.</p> <p>Make a list, draw some pictures and find out some facts about them.</p>	<p>What is a lifecycle?</p> <p>Find out by watching this video and having a go at the quiz.</p> <p>https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/zttckqt</p>	<p>Try out this craft - maybe you can create a caterpillar or a snake!</p> <p>https://happyhooligans.ca/toilet-roll-knitting-for-kids/</p>
