

Weekly Bingo Challenges 29.6.20

Dear Robins

You have all been working so hard and we are so proud of you all! We have really enjoyed seeing some of you in school and are looking forward to seeing or speaking to all of you with phone calls or video chats. It will be lovely to see your smiling faces and catch up with what you have been busy doing!

*Here is the next weekly letter for this half term, continuing our theme of feelings, shape and finding out about important people! It is still in a bingo style so that you can pick and choose the activities that feel right for you and spread them out across the week, although it has crept onto two pages as I got carried away with the pictures!. Don't forget to dip into the **Ongoing Activities One Stop Shop** if you fancy different or additional activities. https://drive.google.com/file/d/1m3tiUrepHS_4smnaFR6kShhpm9VqzhK9/view?usp=sharing This includes links to previous online learning, ongoing challenges and activities as well as a link to printable resources including the White Rose maths sheets.*

*We would love to continue to see your learning, so please post comments, images or videos on the google classroom stream or send us an email.
Robins Team xx*

Weekly Bingo Challenges 29.6.20
