

Tacolneston & Morley CE Primary Academies Federation

Academy Improvement Development Plan (AIDP) For Pupils 2023-24

Every year the headteacher has to write a plan for how the school is going to get better. This is shared with teachers, governors and our multi academy trust.

These are 5 important points that we want to get better at this year.

Important Point 1	To make sure that all teachers are finding the best ways to help you learn
Why it's important	<ul style="list-style-type: none">● We want the teachers to find the best ways to help them teach and for you to learn● We want to get together with other teachers in our Multi Academy Trust to help everyone learn how to teach even better● We want the teachers to be curious and find out new ways of teaching things
How we will know if we have done what we wanted to do	<ul style="list-style-type: none">● We will see new ways of teaching and learning happening in the classrooms● You will learn more things and you will remember what you have been taught even better● Teachers will be talking to other teachers and they will share what they have been doing

Important Point 2	To make sure that we are doing really well as a Church of England school
Why it's important	<ul style="list-style-type: none">● So the new headteacher can work with everyone to understand what is important to us as a school and what our values are● We are a Church of England school and this helps to guide us in who we are and what we do

	<ul style="list-style-type: none"> ● We are part of a large community of schools and have similar values
How we will know if we have done what we wanted to do	<ul style="list-style-type: none"> ● Everyone will know what our values are ● We will be able to see those values in the way we treat each other ● We will see these values in the way we teach and the way we learn

Important Point 3	To help children to be the best they can be in their work
Why it's important	<ul style="list-style-type: none"> ● We want everyone in our school to do the best they can ● We want to make sure that everyone knows how to get better at their work
How we will know if we have done what we wanted to do	<ul style="list-style-type: none"> ● Everyone will do the best they can in their work, as often as possible ● When you do a test, you will do better than you did before

Important Point 4	To learn lots of different subjects really well
Why it's important	<ul style="list-style-type: none"> ● We want to make sure that you learn lots of different subjects, not just English, maths and science ● We want to make sure you have the best lessons and resources to help you learn ● We want to make sure that your learning builds on things you already know
How we will know if we have done what we wanted to do	<ul style="list-style-type: none"> ● You will have had lessons in lots of different subjects ● You will have the right resources to help you learn ● You will remember things that you have learned in others lessons and this will help you with new learning

Important Point 5	To help teachers to be leaders of different subjects
Why it's important	<ul style="list-style-type: none"> ● We want teachers to get even better at knowing what is good about their subjects and what needs to get better ● We want teachers to have the time to make changes to subjects, to make them better ● We want to celebrate good work in subjects other than English, maths and science
How we will know if we have done what we wanted to do	<ul style="list-style-type: none"> ● Teachers will be even better at knowing what is good about their subject and what needs to be even better ● Teachers will have had time to speak to people about how to make their subjects better and what is working well ● We will have lots of examples of great work in different subjects
